Federal Law Requires That Everyone Be Enrolled In Health Insurance or Pay a Penalty Beginning in 2015*

Don’t get stuck paying penalties. University Human Resource Management is hosting a benefit fair to help individuals not covered by the University Health Plans understand the 2015 health insurance requirements and the consequences for not having medical coverage. Our vendor partners will help you research affordable health insurance options and determine if you are eligible to take advantage of possible governmental tax credits which will reduce the cost of coverage.

Marketplace Health Insurance Benefit Fair

The Annual Open Enrollment Period to enroll in health insurance through the Marketplace (healthcare.gov) is November 15, 2014 through February 15, 2015.

Attend a benefit fair to talk with health insurance carriers that are offering plans on the Marketplace and to understand the benefits provided and obtain assistance in comparing available plans. They can also assist you in understanding the availability of tax credits.

December 10th from 11:00 am to 3:00 pm
Union Building – Panorama East Room

All six health insurance carriers offering plans through the Marketplace in Utah have been invited to attend:

- Arches Health Plan
- Altius
- BridgeSpan
- Humana
- Molina
- SelectHealth

At the Benefit Fair, the vendors will be marketing their plans and can help you enroll right then, if you choose.

*Individuals who do not have health coverage in 2015 will be subject to penalties up to $975 per family or 2% of your yearly household income (up to a maximum), whichever is greater.
