

Welcome to Regence BlueCross BlueShield of Utah

Understanding your options is a vital part of good care. That's why your plan gives you access to providers—physicians, other health care professionals and facilities—who provide a wide range of health care services, from routine and preventive care to the most specialized treatment.

Using this Provider Directory

This directory lists providers in the **Preferred Value Care** as of **September 14, 2015**.

This list of providers is current as of the date listed, but may change at any time. You can always find the most up-to-date list of providers in this network on regence.com using the “Find a Doctor” feature (see “Finding information on Regence.com” below for more information.) You can also contact a customer service specialist to verify a provider's status and information before making your appointment.

Your choice drives your cost

With Regence, you can choose any provider for covered services. But you'll get the best benefit (and pay the lowest out-of-pocket cost) when you visit an In-Network provider.

Any provider in the Preferred Value Care network is considered In-Network. Any provider not in the Preferred Value Care network is considered Out-of-Network. If you visit an Out-of-Network provider, your out-of-pocket cost may be significantly higher. You may also be “balance billed” for the difference between the dollar amount Regence allows for a specific service (also called the “allowed amount”)

For details about your benefits—including coverage levels, limitations and exclusions—please see your benefits booklet or view your benefit information on regence.com.

Receiving care away from home

You and your covered family members have access to health care across the country through the BlueCard® Program. When you see BlueCard providers, they bill the local Blue Cross and/or Blue Shield Plan for you. You can find BlueCard providers by visiting bcbs.com or calling 1 (800) 810-BLUE.

Using your member card

Show your member card each time you see a provider or visit a hospital—even if you're not sure if they're in your network. Showing your card will help ensure that you are billed appropriately for the services you receive.

Submitting claims

Most of the time, you shouldn't have to submit a claim. But if the need arises (for example, if you see an Out-of-Network provider), you can send paper claims to the following address:

Regence BlueCross BlueShield of Utah
Attn: Claims Services
P.O. Box 30270
Salt Lake City, UT 84130-0270

Finding information on regence.com

For the most current provider information you can visit our public website at regence.com. The "Find a Doctor" feature on regence.com will allow you to sort, filter and refine provider search results based on network, provider rating, location, hours of operation, or other attributes that are important to you.

In addition, when you create a member account at regence.com, you will gain access to claims information and programs designed to help you navigate your health care and make the most of your wellness.

If you have a question

If you have questions about a particular provider or about your coverage, claims or enrollment, please contact a Regence Customer Service specialist by calling the telephone number on the back of your member card. (TTY: 711)
