

## Welcome to Regence BlueCross BlueShield of Utah

Understanding your options is a vital part of good care. That's why your plan gives you access to providers—physicians, other health care professionals and facilities—who provide a wide range of health care services, from routine and preventive care to the most specialized treatment.

### Using this Provider Directory

This directory lists providers in the **Participating** network as of **May 3, 2016**.

This list of providers is current as of the date listed, but may change at any time. You can always find the most up-to-date list of providers in this network on [regence.com](http://regence.com) using the “Find a Doctor” feature (see “Finding information on Regence.com” below for more information.) You can also contact a customer service specialist to verify a provider's status and information before making your appointment.

### Your choice drives your cost

With Regence, you can choose any provider for covered services. But you'll get the best benefit (and pay the lowest out-of-pocket cost) when you visit an In-Network provider.

Any provider in the **Participating** network is considered In-Network. Any provider not in the **Participating** network is considered Out-of-Network. If you visit an Out-of-Network provider, your out-of-pocket cost may be significantly higher. You may also be “balance billed” for the difference between the dollar amount Regence allows for a specific service (also called the “allowed amount”).

For details about your benefits—including coverage levels, limitations and exclusions—please see your benefits booklet or view your benefit information on [regence.com](http://regence.com).

### Receiving care away from home

You and your covered family members have access to health care across the country through the BlueCard<sup>®</sup> Program. When you see BlueCard providers, they bill the local Blue Cross and/or Blue Shield Plan for you. You can find BlueCard providers by visiting [bcbs.com](http://bcbs.com) or calling 1 (800) 810-BLUE.

### Using your member card

Show your member card each time you see a provider or visit a hospital. This gives providers the information they need to bill us, and is equally important no matter what tier of provider you visit—even providers who are Out-of-Network.

## Submitting claims

Most of the time, you shouldn't have to submit a claim. But if the need arises (for example, if you see an Out-of-Network provider), you can send paper claims to the following address:

Regence BlueCross BlueShield of Utah  
Attn: Claims Services  
P.O. Box 30270  
Salt Lake City, UT 84130-0270

## Finding information on regence.com

For the most current provider information you can visit our public website at [regence.com](http://regence.com). The "Find a Doctor" feature on [regence.com](http://regence.com) will allow you to sort, filter and refine provider search results based on network, provider rating, location, hours of operation, or other attributes that are important to you.

In addition, when you create a member account at [regence.com](http://regence.com), you will gain access to claims information and programs designed to help you navigate your health care and make the most of your wellness.

## If you have a question

If you have questions about a particular provider or about your coverage, claims or enrollment, please contact a Regence Customer Service specialist by calling the telephone number on the back of your member card. (TTY: 711)

如需中文援助，請撥打您會員卡背面的電話號碼。此外，您也可以通過此號碼索取相應的中文書面通知。
