How to set up One account

1. **If you are setting up direct deposit for the first time click Add Account.**

<table>
<thead>
<tr>
<th>Direct Deposit Detail</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Account Type</strong></td>
</tr>
</tbody>
</table>

2. Select either **Checking or Savings** account.
3. In the **Deposit Type box**, you will need to select **Balance**. (Know that if you try to select anything else it will automatically change to balance).
a. Balance means everything that is left after any other priorities are taken out, so in the case of only one account with no other priorities it would mean the entire net pay.

4. You will NOT need to put anything in the Amount/Percentage box for the balance row.

5. Enter the bank transit/routing number. See example below for determining routing and account number.

Check Example

```
9999

-----------------  

-----------------  

-----------------  

1:999999999  2:999999999n  3:999
```

1. Routing Number
2. Account Number

6. Enter your account number. (DO NOT include dashes, or names. Put in numbers only)

7. Your Deposit Order number for your Balance row must be 999.

8. Click the Submit button

This page shows the first account or accounts that you currently have set up.

1. **To Add an Account**, click on the Add Account button. The following page will pop up:
a. **Routing number:** Enter the routing number of the new account
b. **Account number:** Enter account number
c. **Account Type:** Select Checking or Savings
d. **Deposit Type:** Select Percent or Amount
   i. Select *Percent* if you want a percentage of your *net pay* to be deposited into this account.
   ii. Select *Amount* if you want a specific dollar amount to be deposited to the account.
e. **Amount or Percent:** Enter the specific dollar amount if you have selected the amount option. If you have selected percent, enter the percentage as a whole number.
f. **Deposit Order:** This is the order in which you want your net pay deposited. If you have two accounts set up besides your balance account, your net pay will be deposited in the numerical order that you select in the deposit order box. By selecting 1 for deposit order, the amount or percentage that you have elected for this account will be deposited first, before any of the other accounts. By selecting 2, the amount or percentage that you elected will be deposited to this account after deposit order 1 has been deposited and so on. The remainder of your money after each deposit order is done will go to your balance account.
g. **Click Submit.**

**Common Questions:**

1. **I cannot Delete the Balance account what do I do?**
   a. As you are adding or changing your account information you will notice the Balance Account cannot be deleted and if you are only setting up one account it will default to be your balance account. If you need to change the account information that is in the Balance you will need to select the Edit link. 🖋. Under the 🖋 link you will be able to change the routing number, the account number, and the Account Type: Checking or Savings.

2. **My routing number is not working and I’m sure it is correct?**
   a. If you have an out of state bank it is possible that we need to set your bank up in the University system. If this is the case you will need to contact the payroll office to have them set up your bank in the system.
